

AQUA AND CRYSTAL CLEAR FISH

Price on Request

Evoking the serene beauty of the sea, this fish sculpture by Antonio da Ros for Cenedese is handcrafted from crystal-clear glass and submerged aquamarine glass.

The front of the sculpture features a luminous aqua glass eye surrounded by suspended air bubbles, capturing the sense of movement and lightness found beneath the waves. The tail, adorned with intricate layers of submerged aqua and iridescent crystal, adds a captivating depth and shimmer to the composition.

Both contemporary and timeless, this piece radiates tranquility and refined elegance: perfect as a centerpiece or accent for a modern interior, coastal home, or collector's display.
